

COMMUNITY SCHOOL HELPERS

To our School Families:

Here are a few easy ways to help raise funds for our school each time you shop. We have put together a “how to” list for a quick glance at each store. We hope to add to this list throughout the year. Please let us know if you have other suggestions. We appreciate your support! Our school has 2 zip codes and can be listed under either one: 98801 or 98807

OFFICE DEPOT

At the checkout counter, ask the clerk to credit your purchase to St. Paul’s Lutheran School. We then receive back a percentage of your purchases on an Office Depot Gift Card, which we use to buy office supplies.

FRED MEYER

You can designate a school from the Fred Meyer website for your rewards card membership to receive funds.

BOX TOPS FOR EDUCATION

Box Tops for Education has switched to an app submission form. You can download the app and then scan in your receipt after your shopping trip. Please do not cut out and turn in the area that says “scan your receipt” because we cannot use these.

You may also register at www.boxtops4education.com. Your registration will give St. Paul’s points and will also give you access to special promotions for you and the school, as well as coupons for your favorite products and fun recipes.

INK CARTRIDGES

Please turn in your used printer ink and toner cartridges to the school or church office. We will recycle them and the school earns rewards for school and office supplies.

AMAZON SMILE

You can designate a school to receive funds through your Amazon.com account.
