Celebrate and Support

As with all small private schools, leadership must always keep a close watch on financial health and sustainability. There are many ways for you to support our goal to remain fiscally responsible.

*Tell your friends about our school! Continued, healthy growth ensures long term sustainability.

*Share our Facebook Posts and other marketing information. (see the attached referral form & offer)

*Thank a St. Paul's Lutheran Church member! The church provides monthly financial support to our school budget and many individual members support our school financially.

*Invite your friends & neighbor families to school events including the Harvest Carnival.

*Invite your friends to our Grand Auction! The auction is a fun adult night out and childcare is provided at our school. Our annual auction proceeds are necessary for the financial health of the school. These funds also benefit our students directly through classroom bonus funds, increased student technology, art & science specialists, and playground enhancements.

*Pray for our school! God's plans & support are always the best!

Thank you for entrusting us with your child and supporting our educational ministry through your time, talents, and social networking.
